

**Subject:** Clinical Psychologist Job Opportunity at UVA Medical Center

**Message:** Pediatric Psychologist

The Department of Pediatrics at the University of Virginia School of Medicine is seeking a full-time clinical track faculty psychologist in the Section of Pediatric Psychology. Responsibilities include assessment, intervention, and consultation in pediatric subspecialty or primary care clinics with youth who have medical complexity, chronic illness, neuro-developmental disabilities, neuromuscular disorders, intellectual disability, acquired brain injury, mental health disorders, and comorbid diagnoses. The majority of clinical work will be in outpatient settings with the possibility of limited inpatient consultation. Other responsibilities include teaching medical fellows, residents, and medical students and participation on departmental and health system committees. Successful candidates must possess a PhD or equivalent from an APA-accredited program, have completed an APA-accredited internship, be licensed or license-eligible in Virginia, and be skilled in interprofessional practice in a complex, medical environment. Post-doctoral level experience in a pediatric medical setting is preferred.

The Section of Pediatric Psychology is situated within the Division of Neurodevelopmental and Behavioral Pediatrics and provides clinical service for the broader Department of Pediatrics and UVA Children's Hospital. The Section is currently comprised of four pediatric and child clinical psychologists and is excited to expand. The psychologists work closely with pediatrician colleagues, fellows, nurse practitioners, nurses, and allied health staff. The Department of Pediatrics is an extremely collegial and collaborative department, and the Division of Neurodevelopmental and Behavioral Pediatrics has outstanding working relationships with providers in the community as well as with other pediatric subspecialists and colleagues in other areas of the UVA Health System.

The Children's Hospital was recently ranked by US News and World Report in eight subspecialty areas. The University of Virginia Medical Center and Children's Hospital are located adjacent to the main university grounds of the University of Virginia. The University of Virginia is annually ranked as one of the premier public institutions in the United States and is located in Charlottesville, a picturesque small but cosmopolitan city perennially ranked as one of the best places to live in the U.S.

To apply, visit <https://jobs.virginia.edu> and search on Posting Number R0009179 or visit: [https://uva.wd1.myworkdayjobs.com/UVAJobs/job/Charlottesville-VA/Pediatric-Psychologist---Assistant-Professor-of-Pediatrics\\_R0009179](https://uva.wd1.myworkdayjobs.com/UVAJobs/job/Charlottesville-VA/Pediatric-Psychologist---Assistant-Professor-of-Pediatrics_R0009179). Complete a Candidate Profile online, attach a cover letter, curriculum vitae, and contact information for three references. Position may be eligible to convert to tenure-track at an appropriate time in the future, consistent with SOM Promotion and Tenure guidelines and candidate qualifications. The position will remain open to applications until it is filled.

For additional information about the position please contact Laura Shaffer, PhD, Chief of the Section of Pediatric Psychology, at [laura.shaffer@virginia.edu](mailto:laura.shaffer@virginia.edu). For further

information regarding the application process, please contact Greg Haskins via email at [gph3z@virginia.edu](mailto:gph3z@virginia.edu) or via telephone at (434) 924-2963.

Applicants may wish to consult the Faculty & Candidate Guide to UVA & Charlottesville (<http://uvacharge.virginia.edu/guide.html>) which offers a wide range of resources on working at UVA and living in and near Charlottesville. UVA assists faculty spouses and partners seeking employment in the Charlottesville area. To learn more about these services, please see <http://provost.virginia.edu/dual-career>.
